Volunteers needed for the Australian Transplant Games 2026!

The Games are coming to Launceston, Tasmania from 26 September to 3 October – the first time in the event's 40-year history they've been held in Tasmania.

A major national event like this simply isn't possible without a passionate team behind it.

Transplant Australia are calling for volunteers with a wide range of skills and experience, including those with a background in running sporting events, officiating, or coordinating community activities.

Roles range from event-day support (registration, greeting participants, venue assistance) to behind-the-scenes help in the lead-up, with shifts generally between 3–9 hours. Whether you can spare a day or the whole week, there's a role for you.

Volunteers needed | Australian Transplant Games 2026, Launceston.

From 26 September to 3 October, Launceston will host the Australian Transplant Games for the first time in the event's 40-year history, bringing together transplant recipients, living donors, donor families and supporters for a week-long celebration of sport and life.

Transplant Australia are seeking volunteers with a range of skills and experience – including those with backgrounds in event management, sports administration, or community coordination – to help deliver this major national event.

Volunteering is also a great way for your members and networks to build event experience while supporting an important cause.

General Australian Transplant Games Information

What are the Australian Transplant Games?

The Australian Transplant Games are held every two years and celebrate the gift of life through sport. They are Australia's leading event promoting awareness of organ and tissue donation.

The Games bring together transplant recipients, living donors, donor families, people awaiting transplant, and supporters from across the country. Participants compete in a range of sports and activities, from athletics and cycling to lawn bowls, golf and more.

For many, the Games are a powerful goal after transplant - helping people set fitness targets, rebuild confidence and stay active. Many competitors were previously unable to participate in sport due to illness.

The Games are also a major platform for encouraging Australians to register as organ and tissue donors and talk about their decision with family.

Key Event Information

Dates: Saturday, 26 September to Saturday, 3 October

Location: Launceston, Tasmania

Website: <https://australiantransplantgames.com>

Organ Donation Messaging

Organ and tissue donation saves lives and transforms futures. One donor can save up to seven lives and improve many more through tissue donation.

We encourage all Australians to register as an organ and tissue donor and, most importantly, talk about their decision with family and loved ones so their wishes are known.

You can register in just a few minutes via the Medicare app or online at:

<https://www.donatelife.gov.au/register-donor-today>
